

ENCEE PURE

FOR
CRYSTAL CLEAR WATER !!

PRESSURE SAND FILTERS

ENCEE PURE

Good filtration is a crucial element to any water treatment plant or healthy swimming pool. ENCEE PURE Sand Filters are manufactured with high grade material utilizing the latest engineering techniques ensuring high quality and superior strength for long life and durability. ENCEE PURE Sand Filters feature improved water circulation through a balanced layout of lateral nozzles positioned internally at the base of the filter tank. This enables water to be distributed evenly throughout the entire filter bed trapping debris and contaminants.

FEATURES

- ◆ Heavy Duty Construction
- ◆ High performance filtering action
- ◆ Resistant to chemicals and corrosion
- ◆ Quality oil-filled pressure gauge for inspection of operating pressure
- ◆ Virtually maintenance free, simply backwash filter when required
- ◆ No manual cleaning of internal cartridges experienced with other filter medium
- ◆ As high as 90% Turbidity Reduction

APPLICATIONS

- ◆ Swimming Pools
- ◆ Water Treatment
- ◆ Sewage Treatment
- ◆ Effluent Treatment

TECHNICAL SPECIFICATION

| Model | Flow (m3/hr) | | Working Pressure | | Valve | |
|---------------|--------------|-----|------------------|-----|---------|-------|
| | Min | Max | Min | Max | Type | Size |
| ENCEE PSF 10 | 1.0 | 10 | 1.7 | 3.5 | MPV | 1 ½ " |
| ENCEE PSF 15 | 1.5 | 15 | 1.7 | 3.5 | MPV | 1 ½ " |
| ENCEE PSF 25 | 2.5 | 25 | 1.7 | 3.5 | MPV | 2 ½ " |
| ENCEE PSF 50 | 5 | 50 | 1.7 | 3.5 | BFV X 6 | 3 " |
| ENCEE PSF 75 | 7.5 | 75 | 1.7 | 3.5 | BFV X 6 | 3 " |
| ENCEE PSF 100 | 10 | 100 | 1.7 | 3.5 | BFV X 6 | 6 " |
